

DEVELOPING DIGITAL GOVERNMENT STRATEGIES

8 TO 12 JULY 2019

Sponsored by the

SINGAPORE COOPERATION PROGRAMME

under the

SINGAPORE COOPERATION PROGRAMME TRAINING AWARD

Singapore Cooperation Programme

Singapore has provided technical assistance to other developing countries since the 1960s. As a country whose only resource is its people, Singapore believes that human resource development is vital for economic and social progress. Singapore itself has benefited from training provided by other countries and international organisations.

In 1992, the Singapore Cooperation Programme (SCP) was established to bring together under one framework the various technical assistance programmes offered by Singapore. Through the SCP, the range and number of training programmes were increased to share Singapore's development experience with other developing countries.

To date, Singapore has sponsored training courses and study visits for over 126,000 officials from more than 170 countries. The SCP is managed by the Technical Cooperation Directorate of the Singapore Ministry of Foreign Affairs

Course Objectives

Changing demographics and digitalization have resulted in higher expectations of services, transparency and accountability from the governments. This course aims to share best practices in identifying, planning and implementing digital government strategies for public service transformation.

Synopsis

Topics to be covered include:

- Transforming public service for excellence: Singapore's experience
- Strategic IT planning, sourcing and innovation
- Capacity building and managing change
- Digital media and cloud computing
- Citizen engagement, collaboration and co-creation
- Anticipatory government

Methodology

This course will be highly engaging, intensive, experiential and dynamic, packed with learning journeys, hands-on and experience sharing. Training will be interspersed with formal lectures, class activities and group discussions.

Duration

The course will be held from **8 to 12 July 2019**.
